

# Winter Weather Prep

Cold snaps, coastal storms and salted roads all put extra load on your vehicle.

**BEACH AUTO REPAIR**

Virginia Beach, VA · (757) 600-2095

## STARTING AND CHARGING

- ☐ Battery load test, most fail in the first cold morning
- ☐ Terminals cleaned and protected
- ☐ Alternator output verified
- ☐ Starter cranks quickly, no slow roll

## TRACTION AND VISIBILITY

- ☐ Tread depth of at least 4/32 inch
- ☐ Tire pressure set cold, it drops with temperature
- ☐ Winter rated wiper blades
- ☐ Washer fluid rated for freezing
- ☐ Defroster and rear defogger both work
- ☐ All lights clear and aimed

## HEAT AND PROTECTION

- ☐ Heater output strong at idle
- ☐ Coolant freeze protection tested
- ☐ Cabin air filter replaced
- ☐ Undercarriage rinsed after salted roads
- ☐ Door and trunk seals treated so they do not freeze shut

## IN THE TRUNK

- ☐ Blanket, gloves and a hat
- ☐ Flashlight with fresh batteries
- ☐ Ice scraper and small snow brush
- ☐ Jumper cables or a jump pack
- ☐ Sand or cat litter for traction
